HOME DEPARTMENT

Notification

Sachivalaya, Gandhinagar, 26th March, 1997.

THE ROAD TRANSPORT CORPORATION ACT, 1950.

No. G/G/42/STC/3497/85/GH.-The Gujarat State Road Transport Corporation has requested the State Government to guarantee Rs. 27.60 crores being repayment of principal amount of Rs. 20.00 crores and interest thereon in favour of Gujarat State Financial Services Limited, Ahmedabad against Lease Finance for 265 buses. The principal amount is to be utilised for purchase of chassis from manufacturers M/s. Ashok Leyland Limited and for body building. Considering the proposal of the Corporation and keeping in view the necessity for purchase of chassis and body building the Government of Gujarat is pleased to guarantee the repayment of principal and interest of the entire amount of loan of Rs. 27.60 crores (Rupees Twenty seven crores and sixty lacs only) which the Gujarat State Road Transport Corporation is authorised to borrow from Gujarat State Financial Services Limited, Ahmedabad for purchase of chassis and body building under lease finance facility, subject to the following conditions:

(a) The amount of loan shall be utilised by the Gujarat State Road Transport Corporation for meeting expenditure on purchase of chassis and body building only for providing better facilities to the travelling public.

(b) The Corporation shall take necessary steps to augment its income by tapping all possible sources in order to enable it to pay interest on the loan and repay the Principal of the loan.

(c) The Gujarat State Road Transport Corporation shall execute an indemnity bond in favour of Gujarat State Financial Services Limited, undertaking to keep the GSFSL indemnified against any loss arising from guarantees.

(d) In case of default by the Corporation in respect of repayment of the loan and/or payment of the interest such amount as may have been paid by the Government to the lending institution under the guarantee will be treated as sums due from the Corporation to Government. These sums together with interest thereon at such rates as may be determined by the Government will be recoverable either from the grants payable by Government to the Corporation under various heads or as arrears of land revenue or in any other manner that may be determined by Government.

(e) The guarantee is for a period of five years. The claim arising out of the guarantee, should be lodged with Government within one year from the expiry of the period of Guarantee, failing which the liability of the Government will cease in respect any loss or damage caused to the lending institutions because of the default committed by the Gujarat State Road Transport Corporation in discharging its debt to the lending agencies during the period of the guarantee.

DEED OF GUARANTEE

THIS INDENTURE OF GUARANTEE executed at Gandhinagar on this 26th day of March 97, One thousand nine hundred and ninety seven By Governor of Gujarat, hereinafter called "THE GUARANTORS" (which expression shall include the persons named and each of them and each of their respective heirs, executors, administrators, successors and assigns whenever the context or meaning shall so require or permit) in favour of Gujarat State Financial Services Limited, Ahmedabad (hereinafter ref. as Gujarat State Financial Services Limited (which expression shall include its successors and Assigns wherever the context or meaning so requires and permits).

WHEREAS

This deed is intended to be supplemental to the other security documents already executed or to be executed by Gujarat State Road Transport Corporation, a Corporation constituted under The Road Transport Corporation Act, 1950 (hereinafter called "THE CORPORATION") in favour of Gujarat State Financial Services Limited creating a mortgage charge on the land, hereditaments and premises and buildings and a hypothecation charge on the plant and machinery and fixtures referred to in the said security documents and to secure payment to Gujarat State Financial Services Limited of the aggregate sum of Rs. 27,60,00,000.00 (Rupees Twenty Seven crores sixty lacs only) including both Principal and Interest thereon, only).

The Gujarat State Financial Services Limited agreed to provide lease finance facility aggregating to Rs. 20 crores to the Corporation at the request of the Guarantor and upto the terms that the Guarantor should give to Gujarat State Financial Services Limited such Guarantee and under taking as is hereinafter contained.

The Terms and Conditions of the lease arrangement is as under.

1. Lease Rental Rs. 23.00 per Thousand per month payable monthly in arrears (Rs. 46,00,000.00 Permonth).

2. Other terms and conditions are as per the lease agreement entered into by both the parties.

3. "NOW THIS INDENTURE WITNESSETH" and it is hereby convenated agreed and declared the Guarantor contracting jointly and severally as follows:

1. If at any time default shall be made in the payment of principal or interest or any monies for the time being due and payable to the Gujarat State Finance Services Limited upon the security of the said documents. the Gujarat State Finance Services Limited shall enforce this guarantee against the guarantor.

2. The Guarantee contained in this deed is a continuing one and shall be binding us and our respective heirs, administrators, assigns for lease finance provided by Gujarat State Finance Services Limited to the Corporation under the said security documents as also for all interest, costs and other monies which may from time to time become due and remain unpaid to Gujarat State Finance Service Limited thereunder and will remain in force untill all such money or monies and all other costs and charges shall be paid off in full to Gujarat State Finance Services Limited with interest thereon. The guarantee is additional and without prejudice to any securities, rights and remedies available to Gujarat State Finance Services Limited.

The guarantee shall continue notwithstanding the discharge of the principal debtor or surety by operation of law. The monies due shall be paid on its first demand without any contestations, demur or protest. The decision of the company as to our liability under this guarantee shall be final and conclusively binding on us and we shall forthwith pay the amount demanded by the company.

3. The surety hereby declares that the guarantee hereby given is within the limits fixed by the legislature or state of Gujarat under Article 293 (i) of the constitution of India.

IN WITNESS WHEREOF THE Guarantor has hereby set this respective hands the day, month and year first above written.

સિદ્ધપુરમાં ઐતિહાસિક સ્થળ રૂદ્રમહાલય આવેલ છે. તેની બાજુમાં એક મસ્જિદ આવેલ છે. જે જુમ્મા મસ્જિદ તરીકે ઓળખાય છે અને તે મિલકતો ભારત સરકારના પુરાતત્ત્વ ખ્યાતા રેલિણ ઈમારત તરીકે જાહેર કરાયેલ છે અને તે ઈમારતોનો ઉપયોગ સારું હિન્દુ તથા મુસલમાનોની કોમો વચ્ચે સિદ્ધપુરમાં ઘણી ભારે તંગ પરિસ્થિત પેદા થાય છે અને તે હાલ પ્રવર્તે છે. આ બાબતે ના. ગુજરાત સરકારે અગાઉ પ્રતિબંધ વિસ્તાર તરીકે જાહેર પાડેલ છે. જાહેરનામાની મુદત પૂરી થાય છે. તેથી બંને કોમો તરફથી રૂદ્રમહાલય અને જુમ્મા મસ્જિદમાં પાક કરવા અને નમાઝ પઢવા જાય તેમ માનવાને કારણે છે. હાઈકોર્ટમાં કેસ ચાલે છે. તેનો નિકાલ હજુ આવેલ નથી. બંને કોમો વચ્ચે ફરીથી તંગદીલી ઉભી થવા સંભવ છે. જોથી જાહેર સુવેલચાંતિનો ભંગ થતો અટકાવવાનું ઈષ્ટ જણાય છે. અને તેમ જનું તાત્કાલિક અટકાવવા તથા ઝડપી ઉપાય ચોજવાનું ઈચ્છનીય છે.

તેથી હું. એમ. પી. પ્રમીયા, એકઝીક્યુટીવ મેજિસ્ટ્રેટ, સિદ્ધપુર મને મળેલ ખાસ સત્તાની રૂએ આથી હું ફરમાવું છું કે, નીચે અનુસંધાનમાં જણાવેલ મિલકતોમાં તા. ૨-૬-૯૭ના રોજથી ૬૦ દિવસ સુધી સદર મિલકતોમાં અગર તેની અંદર આવેલ કોઈપણ સ્થળે કોઈપણ ચીજ ઉપયોગ કરવા નહીં. તેનો પ્રબંધ ફરમાવું છું.

AND WHEREAS The Existing Conditions and Miscellaneous charges for supply of Electrical Energy by the Surat Electricity Company Limited were approved under Government Resolution Industries, Mines and Energy Department No. Gu-91-64-SEC 1691/1507-K dated 29/10/1991, under Section 21 of the Indian Electricity Act, 1910.

AND WHEREAS The Surat Electricity Company Limited has now vide its letter dated 11/1/1996, approached the Government with a request to approve the revised Conditions and Miscellaneous Charges for the supply of Energy.

AND WHEREAS, the Gujarat Electricity Board and Surat Municipal Corporation have been consulted by the State Government in this behalf.

Now, THEREFORE, in exercise of the Powers Conferred by Sub-Section (2) of Section 21 of the Indian Electricity Act, 1910, the Government of Gujarat hereby gives Sanction to the Sanction Holder to make the Revised Conditions and Miscellaneous Charges for the supply of Electrical Energy attached herewith in Place of the existing Conditions and Miscellaneous Charges for the Supply of Energy of the Sanction Holder approved under the Government Notification Industries Mines and Energy Department No. GU-91-64-SEC-1691/1507-K dated 29th October 1991.

Conditions and Miscellaneous Charges for the Supply of Electrical Energy:-

PART 1

CONDITIONS OF SUPPLY OF ELECTRICAL ENERGY

1). TITLE

- 1.1) These terms and conditions including the Schedule shall be called THE CONDITIONS AND MISCELLANEOUS CHARGES FOR THE SUPPLY OF ELECTRICAL ENERGY (Referred to hereinafter as "Conditions of Supply" for Brevity or in short COS).

2). DEFINITIONS

- 2.1) Throughout these Conditions of Supply & Miscellaneous Charges, unless the context otherwise requires:

- 2.1.1) 'The Act' means the Indian Electricity Act, 1910 in force from time to time and the 'Rules' the rules framed thereunder.

- 2.1.2) 'Agreement' means the agreement attached hereto as Annexure 'B' of these Conditions of Supply.

- 2.1.3) 'Billing period' means the period between the date of a normal reading required to be obtained at the consumer's premises and the date of the next such reading to be obtained at such intervals of times as the Licensee may specify from time to time; the date of reading of the meter fixed at the commencement of/ termination of supply being deemed for the purpose of this definition to be the normal reading dates.

2.1.4) Connected load & Sanctioned load

- 2.1.4.1) 'Connected Load' means the sum of rated capacities of all the consuming apparatus installed on consumer's premises and connected to the System of the Licensee as evidenced by Name Plates of manufacturer, expressed in kilo-watt or Horse Power.

- 2.1.4.2) 'Sanctioned load' means connected load except that it shall include only such load which has been duly examined and tested by the Licensee, pursuant to submission of test report by LEC for the Installation as required under condition 9 of this part.

Explanation : 'Connected Load' and/or 'Sanctioned load' is expressed in kW or in HP. If the rating is in kVA, it is converted to KW by multiplying it by power factor of 0.85. If the rating is in H.P. it is converted to kW by multiplying

by 0.746. The billing will be done in multiple of $1/2$ B.H.P.

2.1.5) Consumer

2.1.5.1) 'Consumer' means any person who is supplied with electrical energy by the Licensee and Includes any person whose installation is for the time being connected for the purpose of receiving electrical energy with the Licensee's distribution system/ Equipment and also includes an intending consumer or a consumer whose service connection has been disconnected.

2.1.5.2) 'Low Voltage Consumer' means a consumer who is supplied electricity at a voltage, at 650 volts and below.

2.1.5.3) 'High Voltage Consumer' means all consumer who obtain supply at a voltage higher than 650 volts, 3 phase, 50 hz under normal conditions subject to the percentage variation allowed under The Indian Electricity Rules 1956.

2.1.6) 'Installation' means any composite electrical unit including the electric wires, fittings, motors and equipments erected and wired by, or on behalf of, the consumer in one and the same premises.

2.1.7) The 'Licensee' means "The Surat Electricity Company Limited".

2.1.8) 'Load factor' means the ratio of the average demand for the period specified by the Licensee to the Maximum Demand for the same period.

2.1.9) 'Maximum Demand' in a month means the highest value of the average kilo-Volt-Amperes (kVA) delivered at the point of supply of the consumer during any consecutive 30 minutes in the month.

2.1.10) Power Factor

2.1.10.1) 'Power factor' means the ratio of the real power to the apparent power.

2.1.10.2) Average Power Factor means the ratio of the kilowatt-hours to the kilovolt-ampere-hours consumed during the specified period. The 'Average Power Factor' shall be calculated to 3 decimal places and rounded off to two decimal places.

3). SYSTEM OF SUPPLY

3.1) The Licensee's declared supply voltage will be generally as follows :

3.1.1) Low Voltage Alternating current - 50 Hz supply.

3.1.1.1) Single Phase - 230 volts between Phase and Neutral.

3.1.1.2) Three Phase - 400 volts between phases.

3.1.2) High Voltage Supply Alternating current - 50 HZ
Three Phases - 3,300, Volts or 11,000 Volts, or 22,000 Volts
between Phases.

High tension supply at pressure other than specified may be arranged and declared in writing in the consumer's agreement.

4). CATEGORIES OF SUPPLY

4.1) The following categories of supply are available :

4.1.1)) Single Phase Two Wire 230 Volts between phase and neutral.

4.1.1.1) General Supply not exceeding 6.0 kilowatts of connected load.

4.1.1.2) Power installations not exceeding 2.0 Horse Power (h.p.) in the aggregate.

4.1.2) Three Phase four wire 400 volt between phases and 230 volts between phase and neutral for :

4.1.2.1) General Supply exceeding 6 Kilo-watt of connected load.

4.1.2.2) Power Installations exceeding 2.0 Horse Power.

4.1.3) Three Phase, 3 Wire 3300 Volts/11000 Volts/66,000 Volts between phases for power installation exceeding 125 HP of connected load.

4.2) A consumer shall avail low voltage supply, only for lighting and small motive power, and high voltage if the total connected load exceeds 125 HP.

The above categorisation is for the arrangement or grouping of consumers' wiring and not for determining the size of service line.

5) REQUISITION FOR SUPPLY OF ENERGY

- 5.1) Requisition for supply or additional supply of electrical energy must be made in the prescribed form attached hereto (Annexure A), copies of which are obtainable free of cost from the local office of the Licensee. The requisition shall be made by the owner or occupier of the premises, for which supply is required, who shall indicate his full name, address and contact telephone number and person to be contacted. Any assistance or information required in filling up the form will be available to the intending consumer/consumer at the office of the Licensee.
- 5.2) An intending consumer who is not an owner of the premises he occupies shall, if so required by the Licensee produce proof of his being in lawful occupation of the premises. He shall also execute an indemnity bond prescribed by the Licensee (Annexure D) to indemnify the Licensee against any losses on account of disputes arising out of effecting service connection to him.
- 5.3) The initial Security Deposit payable by the intending consumer who is not the owner of the premises shall be double the normal rate (See condition 11 Part II) of security deposit.
- 5.4) If the supply is requisitioned for premises constructed on a land owned by the local authority or the Government, Central or State, the intending consumer shall produce a 'No Objection Certificate' from the concerned authority. In case 'No Objection certificate' indicates that structure is likely to be demolished as a result of road widening or for any other reason, the applicant will have to deposit dismantling charges along with service line charges. The entire cost of material plus 15 % thereof supervision will be payable as service line charges.
- 5.5) Where the intending consumer's premises has no frontage on a street and the supply line has necessarily to cross over or go under or through the adjoining premises of any other person (whether or not the adjoining premises is owned jointly by the intending consumer and such other person) the intending consumer shall arrange at his own expense for any necessary way-leave before the commencement of work. Any extra expenses to be incurred by the Licensee in placing the supply line in accordance with the terms of the way leave, license or sanction shall be borne by the intending consumer. In the event of the way-leave, license or sanction being canceled or withdrawn, the intending consumer shall at his own cost arrange for any diversion of the service line or the provision of any new service line thus rendered necessary.

- 5.6) The Licensee will refuse to supply electricity to an intending consumer who is in arrears of payment of dues to the Licensee in respect of any other service connection held in his name.
- 5.7) The requisition for supply of electrical energy shall be accompanied by Registration Charges as prescribed in Miscellaneous Charges, Part II. The registration charges so deposited would be adjusted in the service line charges, or refunded in case where the application of the applicant is not sanctioned by the Licensee, either due to technical impracticability or due to any other reasons. If the applicant fails to pay the service line charges as advised to him by the Licensee within the specified period indicated in the estimate, his application shall stand canceled and such registration fee shall not be refunded.
- 5.8) If the consumer wishes to carry out alterations in his installation without increasing its capacity, for the duration of the period in which alterations, additions or repairs are being carried out, as required under the conditions above, supply to the circuit which is being altered, added or repaired must be entirely disconnected until the alterations, additions or repairs have been tested and passed by the Licensee. Failure to do so shall render the connection liable to be disconnected under Clause (d) of the Second proviso to sub-clause (1) of Clause VI of the Schedule to the Act.
- 5.9) Agreement for supply - The applicant may be required by the Licensee to sign an Agreement in the form marked Annexure "B" hereto appended.

6) SPECIAL TERMS AND CONDITIONS

- 6.1) Subject to the provisions of the Indian Electricity Act 1910, the Licensee may stipulate special terms and conditions in specific cases for extending supply.
- 6.2) 'No Objection Certificates' from the Gujarat Air and Water Pollution Control Board.

In the cases of power supply for new connection or additional load for industries listed below, the consumer shall have to produce a 'No Objection Certificate' from the Gujarat Air and Water Pollution Control Board to the effect that the norms laid down by them have been complied by the consumers.

List of the Industries

1. Petro Chemical & Refinery
2. Cement
3. Fertiliser
4. Asbestos & Asbestos Products
5. Sulphuric Acid
6. Nitric Acid
7. Chlorine based industries
8. Hydrochloric Acid
9. Hydrofloric Acid
10. Ceramic
11. Foundries
12. Coal and mineral processing industries
13. Coal and Lignite bases chemical industries
14. Caustic Chlorine Plant
15. Paper and Pulp
16. Pesticides
17. Textile, Dyeing, Printing & Dyes & intermediates
18. Distilleries
19. Chemical & Allied industries
20. Rayon and Man made fiber
21. Sugar
22. Dairy
23. Iron & Steel
24. Soda Ash
25. Food Products

Additions and modifications to the list above as may be made by the Government from time to time shall be deemed adopted by the Licensee.

7). SERVICE LINES

- 7.1) Service Connection will be given to only one installation and for a single purpose only. The consumers shall also not use it for different purpose and also not extend supply to other premises. For a particular premises, more than one service shall not be given.

Where more than one person or more than one establishment is in occupation of premises, more than one service connection will be given only if there is a permanent physical segregation of areas for which different connections are applied for, and also have been censused by Municipal Authorities. There should be an independent entry to the premises for which different service connection has been applied for.

7.2) SERVICE POSITION:- Upon receipt of an requisition for supply of electricity "a Seven clear days notice" will be sent to the intending consumer that he or the Electrical contractor acting on his behalf or his representative should meet the engineer of the Licensee at site to agree on the point of entry of supply mains, position of the supply cut-outs or circuit breaker and meters as the case may be. The position of the supply point, service mains shall be so fixed near the main entrance as to permit easy and immediate or unhindered access to the employees of the Licensee at any time. The Licensee shall in no case fix its meters and cutouts, nor allow the same to remain in any position which will entail entry by his representative in to "purdah" or "religious quarters" or lavatories or bathrooms. Should the cut-outs and the meter boards be fixed in a locked room or enclosure the necessary keys must be kept readily available on the premises.

7.2.1) Meter fixing: In all cases the meters shall be fixed and installed according to the convenience and discretion of the Licensee on the consumer's premises on the ground floor where it could be accessible for reading and inspection at any time or such other suitable place as the Licensee's Engineer shall decide and the consumer shall run his wiring from such point of supply and be also responsible for the safety of the meter from theft or damage or tampering.

7.3) ACCESS TO SERVICE POSITION :- The consumer shall not carry out the construction around the existing service position so as to hinder the access as already agreed. Should the construction become necessary due to remodeling of the structure or for any other reason the consumer shall immediately notify the licensee and get the service position shifted at his cost to mutually agreed position. The failure to notify would render the supply liable for disconnection.

7.3.1) Consumers supplied with low or medium voltage electrical energy shall provide and maintain a dry wall not less than 20 cms thick or such other structure approved by the Licensee, on which the meter board and service cut-outs will be supported and shall provide and maintain suitable enclosure for adequate protection for the meter board and the service cut-outs from ingress of moisture and from tampering and mechanical damage.

7.4) Having agreed on the position of the service the Licensee will render to the intending consumer a quotation of the estimate to be borne by him and advise him of other conditions to be complied with for carrying out the work. Any work of laying the

service line will be taken up only after the intending consumer deposits the estimated amount in full and complies with other quoted terms. The estimated amount payable shall be in accordance with the schedule of service line charges in force from time to time. No interest will be paid on deposits lodged against the cost of service line or bills for temporary supply, as the account is of temporary nature.

7.5) **SHIFTING OF SERVICE LINES:-** The service line once laid shall not be interfered with or shifted from one place to another. The consumer shall as far as circumstances permit take precautions for the safe custody of the equipments in his premises and belonging to the Licensee. On default by consumer, the supply will be disconnected forthwith, without prejudice to the right to remove the service and meters after giving seven day's notice to the consumer.

7.6) **CONSTRUCTION OF SERVICE LINE:-** The method and type of construction of the service line, whether overhead or underground, the quality of materials and the size of conductors and of meter boards, and fuses to be used, and the route outside the applicant's property shall be determined solely by the Licensee.

7.7) High Tension consumers shall pay the service line charges in accordance with the schedule of service line charges as stated in part II.

Explanation : Service line charges shall also include charges of Licensee's equipment at consumer's premises i.e. circuit breakers, metering equipment (excluding meter) etc.

7.8) The service line and meter board, notwithstanding that portion of the cost has been paid for by the consumer, shall be and remain the property of the Licensee by whom it is to be maintained and the Licensee will have the right to alter/ or to extend the line for supply of electricity to any other person provided supply to the consumer is not prejudicially affected.

7.9) The intending consumer shall be required to deposit the estimated amount with the Licensee and comply with other conditions to enable the Licensee to carry out the work. On completion of the work the final charges of the service line to be borne by the intending consumer will be determined and the amount, deposited by him for the service line will be adjusted against these charges, the balance being recovered or refunded to him as the case may be.

7.10) After the estimate for a new service line has been submitted to the consumer, and if he desires to have his estimate revised for

his own convenience, a fee for giving such revised estimate will be charged as prescribed under Item No. 3.1 (Part II) of these Conditions of Supply.

7.11) The work of connecting up a new installation, and its dependent improvement/ Reinforcement, or alteration will be taken up for execution only after the charges as per estimate rendered, and security deposit as stated in condition 11 of part II, and other apparatus placed in consumer's premises, are paid in advance.

7.12) **ADDITIONAL DEMAND:-** The work of Extension, Improvement/ Reinforcement or alteration to existing service lines to meet any additional demand will be charged on the same basis as in 7.9. In each case, the consumer will be furnished with an estimate of the cost of the work and this amount is payable in advance. On completion of the work a bill for the actual amount payable will be raised by the Licensee and this bill amount will be adjusted against such advance amount paid by the consumer and any balance due to the consumer will be refunded to him or due from the consumer will be recovered from him as the case may be provided however if the amount due is less than Rs. 1000.00 the same will be adjusted in the energy bill for the purpose of recovery or refund.

7.13) Where any difference or dispute arises as to the cost or fixing of the position of service line the matter shall be referred to the Electrical Inspector for a decision.

8) CONSUMER'S INSTALLATION

8.1) The consumer's installation should invariably comply with the statutory provisions of The Indian Electricity Rules 1956 (with upto date amendments) relating to wiring and equipment and also the rules of the fire insurance company with which the building is insured and the specification/ directions issued by the Electrical Inspector to the Government. The work shall be carried out by a licensed electrical contractor (L.E.C.).

8.2) **Rating of Equipment :-** No electrical equipment shall be used without its manufacturer's name plates permanently affixed on it. If during periodical check/inspection of a service connection by the representative of the Licensee, it is found that the name plate of any electrical equipment does not show the correct capacity of the equipment or the name plate is missing or the rating of such electrical equipment as assessed by the representative of the Licensee is in excess of the rating stated in the test report, action will be taken vide condition 21.1.2 dealing with Malpractices.

8.3) Service Enclosure :- A suitable enclosed receptacle/ enclosure approved by the Licensee shall be provided for accomodating cut outs, meters, and other apparatrus belonging to Licensee at the service position.

8.4) Rule 45 : As required under Rule 45 of The Indian Electricity Rules 1956, no electrical installation work (including additions, alterations, repairs and adjustments to existing installations) except replacements of lamps, fans, fuses, switches and other component parts of the installations which in no way alter the capacity, or character of the installation shall be carried out upon the premises on behalf of any consumer or owner for the proposes of supply of electricity to such consumer or owner except by an electrical contractor licensed by the Electrical Licensing Board of the Government of Gujarat, in this behalf and under the direct supervision of a person holding a certificate of competency issued by the Government. Any person committing a breach of the said Rule 45 shall render himself liable to punishment under Rule 139 of the Indian Electricity Rules, 1956.

8.4.1) Rule 50-A of the Rules :- The consumer shall comply with additional provisions for supply and use of energy in multi-storeyed building (more than 15 metres in height):-

(1) Before making an application for commencement of supply or recommencement of supply after an installation has been disconnected for a period of six months or more then owner/occupier of a multi-storeyed building shall give not less than 30 days notice in writing to the Electrical Inspector together with particulars. The supply of energy shall not be commenced or recommenced within this period, without the approval or otherwise in writing of the Inspector.

(2) The occupier /owner of the installation shall provide at the point of commencement of supply a suitable isolating device with cut-outs or breaker to operate on all phases except neutral in the 3 phase 4 wire circuit and fixed in a conspicuous position at not more than 2.75 metres above the ground so as to completely isolate the supply to the building in case of emergency.

(3) The owner/occupier of a multi-storeyed building shall ensure that electrical installations/works inside the building are carried out and maintained in such a manner as to prevent danger due to shock and fire hazards, and the installation is carried out in accordance with the relevant code of practices.

- (4) No other service pipes shall be taken along the ducts provided for laying power cables. All ducts provided for power cables and other services shall be provided with fire barrier at each floor crossing.

- 8.5) As required under Rule 61 (A) of Indian Electricity Rules, 1956 "The supply of energy to every electrical installation other than low voltage installation below 5 KW and those low voltage installation which do not attract provisions of Section 30 of the Indian Electricity Act, 1910, shall be controlled by an earth leakage protective device so as to automatic disconnect the supply instantly on the occurrence of earth fault or leakage of current:

Provided that the above shall not apply to overhead supply lines having protective devices which are effectively bonded to the neutral of supply transformers and conforming to rule 91 of Indian Electricity Rules, 1956.

Rule 71 (ee) of Indian Electricity Rules 1956 " An earth leakage circuit breaker of sufficient rating shall be provided on the low voltage side to detect the leakage in such luminous sign installations.

- 8.6) All transformers, switchgear, control equipments and other electrical equipments belonging to the consumer and connected to the mains of the Licensee shall be maintained to the reasonable satisfaction of the Licensee. The controlling equipments shall be in conformity with the provisions of Rule 50 of the Indian Electricity Rules 1956.

- 8.6.1) It is advisable for intending consumer requisitioning power at high tension to consult the engineer of the Licensee so that general layout and protection provided by the consumer on high tension side can be properly coordinated and evaluated. The advice will be given without charges.

8.7) High Tension Consumer:

- 8.7.1) High tension consumer having installed transformer capacity 500 kVA and above, suitable circuit breakers must be installed by the consumer on the supply side fitted with automatic overload and fault protective device so adjusted that they operate in prior time to the overload protective devices in the Licensee's system. The Circuit Breaker must be of sufficient rupturing capacity to be specified by the Licensee to protect the consumer's installation under short circuit conditions.

- 8.7.2) High Tension Consumers having installed transformer capacity

less than 500 kVA may install circuit breaker or a gang operated triple pole isolation switch with high tension fuses of fast blowing characteristic which should be graded to so operate that they blow off before the overload protective devices of the Licensee's system. But in either case, suitable automatic circuit breakers of adequate rupturing capacity approved by the Licensee must be installed on the low tension side of the transformers or on each feeder.

- 8.8) Gas and water pipes shall on no account be used for earthing purposes. All wiring shall be kept as far as possible, away from gas and water pipes.
- 8.9) All wall plugs shall be of the three-pin type, the third pin connected to earth. All plugs shall be provided with switches on the live wire and not on the neutral.
- 8.10) Submission of Test Report:- As soon as the consumer's installation is completed in all respects and tested by the consumer's licensed electrical contractor, the consumer should submit his licensed electrical contractor's completion and test report for the installation in the prescribed form. The form shall be supplied by the Licensee.
- 8.11) The consumer shall furnish to the Licensee full particulars of all electrical plant and consuming apparatus to be installed by him. The design and operation of all plants and apparatus shall be such that it shall not interfere with the safety and efficient working of the Licensee's electric supply lines or other works or the supply of energy by the Licensee to any other consumer.
- 8.12) Sub-Station:- To meet the load requirement of a consumer or a group of consumers, as well as to keep the voltage drop within the permissible limits, technically, if the Licensee finds it necessary and expedient to establish a sub-station, then the consumer shall provide a suitably built up sub-station as per furnished drawing. In case the intending consumer provides a built up sub-station building within the premises as per the sub-station drawing and the specification given by the Licensee a suitable rent shall be fixed and paid by the Licensee annually. Failure to comply with the requirement would result in denial of supply.
- 8.13) Meter Space:- For multi-storeyed building the applicant shall provide a space for fixing meters on the ground floor on the basis of at least 1 sq. ft per single phase and 2 sq.ft. for per three phase meter in addition to 5 sq. ft. for fixing Licensee's cut-outs and other low tension service apparatus.

8.14) **Balancing of Loads:-** If the installation is required to be wired on three phases, wiring shall be done on the group system, separate neutral wires being brought back in each case to the Licensee's point of supply. A suitable linked switch shall control each main circuit. The lamps, fans or any other apparatus of the installation shall be so grouped that under normal working conditions the current in the three phases is balanced. The failure to maintain balance currents would attract the provision of condition "Prejudicial use of supply" and will be dealt as per provisions of condition 19 of this part.

8.15) **Max. Current Demand:-** Motors shall be provided with control gear so that the maximum current demand of the consumer's installation does not in any case exceed the limit given hereinafter :

Nature of Supply	size of Installation	Limit of max. current demand
Single phase	Upto 2.0 BHP	Full load current x 7
Three Phase	i) Above 2 BHP & up to 10 BHP	Full load current x 5
	ii) Above 10 BHP & upto 30 BHP	Full load current x 3
	iii) Above 30 BHP & upto 50 BHP	Full load current x 2
	iv) Above 50 BHP	Full load current x 1.5

Failure to restrict within these limits will render the service connection liable for disconnection.

8.16) Motors above 2.0 BHP shall be wound for three phase 400 volts between phases.

POWER FACTOR

8.17) Every three phase installation shall maintain an average power factor of not less than 90 percent as calculated by the reading of kWh and RkVAh meters or ascertained otherwise. The consumer shall install power factor correcting devices of adequate capacity along with appropriate switch gear and protective devices at his own cost to achieve the 90 per-cent power factor.

- 8.18) If in a service connection, it is noticed on inspection that capacitor(s) installed are short of requirement as stipulated in condition 8.19, or have failed, the consumer will be given 10 days notice to rectify or replace the capacitor(s) failing which the supply will be disconnected. The service connection will be restored only after the defect in capacitor is rectified or new capacitor installed.

Note:- The inspection and testing for the purpose of this condition shall be carried out by Voltmeter and Snap-on ampere meter or by capacitance measuring meter by authorised representative of the Licensee.

- 8.19) All Low Voltage consumers governed by connected load based tariff with a connected load of motors and welding transformers of 2 HP and above (total of the ratings of the installed motors and welding transformers) subject to condition 8.17, shall install capacitors as per the undermentioned formula. The fractional kVAR will be rounded as per relevant ISI.

FOR MOTORS AND WELDING TRANSFORMERS

Formula

Rating of capacitors in kVARs = $0.4 \times (\text{Aggregate of Power Load in H.P.})$

Explanation :- For capacitors rating each KVA for welding transformer will be reckoned as 1 BHP

9) INSPECTION & TESTING

- 9.1) The intending consumers/ consumers are advised in the interest of their own and the public in general that the wiring on the premises should conform to the Indian Electricity Rules, 1956 (latest editions). After completion of the work and its testing, a notice along with Test report must be sent to the Licensee by the intending consumer upon a Printed Test Report Form* (obtainable from the office(s) of the Licensee) that the installation has been completed and tested by the licensed electrical contractor and that the same is complete and ready for inspection and test by the Licensee. Upon receipt of the Test Report for the installation, the Licensee shall notify the intending consumer and/or the Licensed electrical contractor the time and date when the Licensee's representative proposes to inspect and test the installation. The intending consumer shall remain present along with a supervisor of the licensed electrical contractor (LEC) at the time fixed to give information that may be necessary concerning the installation.

* LEC may print its own Test Report Forms as prescribed by the rules.

- 9.2) **First testing:** No charge will be made for the first test made by the Licensee, but subsequent tests due to faults disclosed in the initial test or due to the failure of the supervisor to attend the test at the appointed time and date, or because facilities for inspection and test were not arranged, or due to the installations not being completed or inadequate, will be charged for in accordance with the condition 6.1 of Part II Misc. charges.
- 9.3) In the case of a service connection remaining disconnected for six months or more, the consumer's installation will be tested and the testing charges collected from the consumer before the same is reconnected.
- 9.4) **Fittings :** All fittings whether incandescent lamps, arc lamps, fans, motors, heating, cooking or other equipments must be connected to the conductors and all fuses must be in place and all switches put on before the tests are carried out.
- 9.5) **Leakage :** The Licensee shall not connect with his works the installation or apparatus on the premises of any applicant for supply unless he is reasonably satisfied that the connection will not, at the time of making the connection, cause a leakage from that installation or apparatus of a magnitude detrimental to safety. Compliance with this rule shall be checked by measuring the insulation resistance as provided below :
- 9.5.1) **High Voltage Equipments/Installations ;**
- 9.5.1.1) High Voltage equipments shall have the IR value as stipulated in the relevant Indian Standard.
- 9.5.1.2) At a pressure of 1000 V applied between each live conductor and earth for a period of one minute the insulation resistance of High voltage installations shall be atleast 1 Meg-Ohm or as specified by the Indian Standards specifications from time to time.
- 9.5.2) **Medium and Low Voltage Installations :**
- At a pressure of 500 V applied between each live conductor and earth for a period of one minute, the insulation resistance of medium and low voltage installation shall be at least 1 Megohm or as specified by the relevant Indian Standards specifications from time to time.
- 9.5.3) If the Licensee declines to make a connection as stated above, he shall serve upon the applicant a notice in writing stating

his reason(s) for so declining.

- 9.6) For high voltage installations after completion of the installation in all respects the intending consumer shall procure and submit to the Licensee a certificate issued by the Electrical Inspector, Government of Gujarat, of his approving the said installation, as required under Rule 63 of I.E. Rules 1956.
- 9.7) 'Manufactures' Test Certificates in respect of all high voltage plant, switchgear and other apparatus shall be submitted by the intending consumer if required by the Licensee.
- 9.8) To recommence supply to a high tension service connection which remains disconnected for one year or more, approval in writing of the Electrical Inspector to the State Government should be obtained.

10) LICENSEE'S SUPPLY MAINS AND EQUIPMENTS

- 10.1) For low/medium and high tension consumers :

10.1.1) The Licensee may provide in case of low/medium voltage supply connections its own meter, meter enclosure, cut-outs, MCCBs and other equipments depending upon the requirement of the consumer.

10.1.2) The Licensee may provide suitable equipment for metering purpose as per the requirement at consumer's cost at the point of supply. The controlling and/or equipment viz. Circuit breaker(s), high tension fuses and other equipments, though paid for by the consumer shall remain the property of the Licensee and normally not be operated, handled or removed by any one who is not authorised by the Licensee or a representative of the Licensee.

10.2) The consumer shall as far as circumstances permit, take precaution for the safe custody of the Licensee's equipment on his premises and shall not use or interfere with or allow any one to interfere with in any manner the works of the Licensee and shall be fully responsible for the safety of the works of the Licensee in the Consumer's premises. In the event of the Licensee's seals placed to protect his apparatus and/or meters are found to be broken or his equipment or meters interfered with, the consumer shall render himself liable to pay for any loss or damage by any act, neglect or default or due to any reason, to the Licensee for the cost/charges as estimated for necessary repairs or replacements of such works in addition to a penalty under rule 138 of the Indian Electricity Rules 1956.

11) INSTALLATION OF CAPTIVE POWER PLANT /GENERATING SETS

11.1) Permission of the Licensee shall be obtained before installing any captive generating set in any premises within the supply area of the Licensee. Permission of the Electrical Inspector to the Government should also be obtained. This is to ensure that these generating sets do not inadvertently feed into the electric supply system and cause damage to Licensee's property or injury to Licensee's personnel. Violation of this rule will entail immediate disconnection of supply of electricity to the premises and recovery of cost of damages.

12) FAILURE AND INTERRUPTION OF SUPPLY

12.1) Should at any time the Licensee's service fuse or fuses fail, notice thereof should be sent to the Licensee. Consumers are not allowed to replace these fuses and they will render themselves liable for disconnection, if the Licensee's apparatus are tampered with. The Licensee's representatives are instructed not to carry out any repairs to the consumer's installation except replacement of consumer's main fuses at his request. Consumer may be charged for the attendance of the Company's authorised representative in accordance with the Schedule of Service (Part II) COS.

12.2) In the case of high voltage consumers, should the Licensee's high voltage switch controlling their supply trip at any time, notice thereof should be sent to the Licensee.

12.3) While the Licensee shall take all reasonable precautions to ensure continuity of power supply to the consumer the Licensee shall not be responsible for any loss to him or damage to his plant and equipment or compensation on any account whatsoever due to interruptions in supply of power when such interruption or failure is either directly or indirectly due to failure in bulk supply, breakdown, war, mutiny, civil commotion, riots, strikes, lockouts, fire, flood, lightning, earthquake or other forces of nature or causes beyond his control.

12.4) The Licensee may temporarily interrupt supply to consumers to enable work to be carried out in a supply system. Wherever possible, a notice of such interruption will be given to the consumers concerned.

13) DEFECTS IN CONSUMER'S INSTALLATION ;

13.1) In the event of any defects being noticed in the consumer's wiring or apparatus connected to the system or any earth leakage on any section of the consumer's circuit, the consumer shall in the absence of the representative of the Licensee, disconnect the defective installation forthwith and notify the Licensee. He shall not reconnect the same except with the consent of the Licensee and after the defect is rectified. The Licensee reserves similar rights to disconnect, should the defects come to his notice earlier.

14) ACCESS TO PREMISES AND APPARATUS.

14.1) Representatives of the Licensee are entitled at all reasonable times to enter upon the premises to which energy is supplied after informing the occupier or his representative of their intention for inspecting, testing, repairing, altering, tapping, removing or replacing the meters, electric supply lines and for reading the meters and also for other purposes connected with the apparatus belonging to the Licensee. If the consumer refuses or fails to give reasonable facilities for such entry and performance, the Licensee may, after the expiry of twenty four hours from the service of a notice in writing to the consumer, disconnect the supply to the consumer for so long as such refusal or failure continues. Restoration of supply will however be effected after the corresponding charges in accordance with Part II of these Conditions are paid by the consumer. The consumer shall also give all facilities to the representative of the Licensee for removing the Licensee's Mains and other apparatus from his premises after the supply is disconnected. The Licensee will not be responsible for any loss or inconvenience caused to the consumer on account of such disconnection of supply.

14.2) Notwithstanding what is stated above (14.1) representative of the Licensee may at any time enter upon the premises to which electricity is supplied for the purpose of inspecting meters and for any other purpose connected with the installation and equipments belonging to licensee and check the installation where there is reason to suspect that the consumer is indulging in any violation in respect of use of electricity or in using devices to commit theft of energy.

15) METERS

15.1) In the absence of an agreement to the contrary the Licensee will provide the meters required for measuring the consumption

of electricity and will levy monthly charge as applicable. The consumer may be permitted to install his meter if desired.

- 15.1.1) The Licensee shall keep the meter correct, and, in default of his doing so, the consumer shall, for so long as the default continues, cease to be liable to pay for the charge of the meter.
- 15.1.2) Where the meter is the property of the consumer, he shall keep the meter correct, and, in default of his doing so, the Licensee may, after giving him seven days' notice, for so long as the default continues, cease to supply energy.
- 15.2) The electricity recorded by the meter installed will be taken as the electricity actually supplied by the Licensee. Meters will ordinarily be installed at the point of entry to the building and will be fixed according to the convenience of the Licensee at a suitable place in the consumer's premises and the consumer shall run his wiring from such point of supply and also be responsible for the safety of the meter from theft, damage and tampering.
- 15.3) The security seals in the meter cover and the potential and current transformer chamber(s) will be provided by the Licensee after testing the meter and measuring instruments. The seals on the terminal cover of Meter, Metering Set, Meter Box, Cut-outs will be provided at site in the presence of the consumer or his representative who shall satisfy himself that all the seals including the security seals are intact and the meter is rotating in the forward direction on all phases. The Consumer shall take all precaution to see that the seals are not damaged or tampered with.
- 15.4) The meters will, if and when desired by the Licensee, be recalibrated and standardized by means of standard instruments by the Licensee. In respect of High Voltage consumer, however, such recalibration will be done in the presence of the Consumer's Electrical Engineer or his representative, if the consumer so desires. These shall be in addition to the periodical tests to be carried out by the Licensee as prescribed by Rule 57 (4) of the I.E. Rules, 1956. Adjustments in bill will be made for error at average load and power factor of the consumer, when the meter is found to be incorrect during periodical tests, for a preceding period of six months or the last testing carried out by the Licensee, whichever is shorter.
- 15.4.1) The Licensee may provide, in case of immediate non-availability of HT metering equipment, for loads supplied at high tension, metering on L.V. side. In such cases reading for billing

purpose will be computed by adding 2 % to the L.T. demand reading to determine the kW or kVA billing demand and 5 % to L.T. kWh reading to determine the total energy consumption.

15.5) Should the consumer dispute the accuracy of the meter, he may, upon giving notice and paying the prescribed fees, have the meter tested by the Licensee or the Electrical Inspector, Government of Gujarat in accordance with Section 26 of the Act. In the event of the meter being tested by the Licensee and found to be beyond the limits of accuracy as prescribed in the Indian Electricity Rules 1956, the testing fee shall be refunded and the amount of the bill adjusted in accordance with the test taken with respect to the meter readings of the three months prior to the month in which the dispute had arisen, due regard being paid to the conditions of working and/or occupancy during the months. In the event of the test being undertaken by the Electrical Inspector, Government of Gujarat and the meter being found to be incorrect, the period not exceeding six months during which the meter shall be deemed to have been incorrect and the amount of energy supplied to the consumer during this period shall be decided by the Electrical Inspector, Government of Gujarat, whose decision shall be final.

15.6) In the event of any meter ceasing to record the consumption of energy correctly, the registration for such period in which such event occurs, shall normally be assessed according to the average consumption during the preceding period not exceeding three months or two billing periods (whichever is longer). Should sufficient data be not available for determining such average the assessment shall be based on average consumption during succeeding three billing periods or 2 months (whichever is longer). Consideration would also be given to the evidence having bearing on average consumption during the period in question. The assessment period would be limited to 6 months.

15.7) Reading of meters will be taken by the authorised representatives of the Licensee once in each billing period or at such other intervals or times the Licensee may consider expedient and they shall have access to the consumer's premises at all reasonable hours for the purpose of such reading.

15.8) Consumers about to vacate their premises or intending to keep the premises/ Meter position temporarily locked for a period of a month or more or during the billing period should give to the Licensee seven clear days notice in writing and arrange for facilities to enable the Licensee to record the meter reading and to disconnect supply to the premises when necessary; otherwise the Licensee cannot guarantee that the meter reading will be taken on the required date to enable the accounts to be

submitted to the consumers. Failing to give such notice and facilities for meter reading and/or disconnecting supply to the premises, the consumer shall be held responsible for the energy consumed on the premises till such time the Licensee is able to disconnect the supply. Non reading of meter shall not absolve the consumer of his liability to pay. Minimum/ fixed/Maximum demand charges as are applicable in accordance with the Licensee's tariff schedule in force from time to time.

- 15.8.1) As a consequence of the non-reading of meter on account of consumer's premises being found closed or access not available for meter reading to the employees of the Licensee, the Licensee shall be entitled to charge the consumer on the basis of consumption in the preceding billing period subject to minimum bill thereof under the provision of appropriate tariff and the consumption so billed shall be subject to adjustment as explained in condition 15.8.4.
- 15.8.2) If the meter remains inaccessible during the subsequent second reading date/ billing period as well, the consumer shall be charged on the basis of consumption actually recorded in the latest preceding billing period subject to minimum bill and subject to adjustment as explained in condition 15.8.4 below:
- 15.8.3) In the event of consumer failing to pay the aforesaid Minimum/Fixed/ M.D. charges or charges under assessed bill, his supply shall be liable to be disconnected after serving due notice upon him by the Licensee.
- 15.8.4) If the meter is subsequently made accessible for reading, the consumer shall be charged subject to the presumption that the consumption recorded, if any, for the period of inaccessibility less the consumption billed on assessed basis, is the consumption of current billing period and not the total consumption spread over the preceding billing period(s) when the meter was inaccessible and also subject to the minimum monthly charges for period(s). If as a result of the adjustment there is a credit amount, it will be carried over to subsequent billing periods.
- 15.8.5) If on the other hand, the meter remains inaccessible on the third meter reading date/ billing period also, the consumer will be served with a 7 days notice to open his premises at a fixed time and date to enable the Licensee's employee to read the meter. If the meter remains inaccessible even after the 7 days notice, the supply to the premises shall be liable for disconnection. The period during with supply remains disconnected, Minimum / fixed / M.D. charges as the case may be will be charged. If the meter is made accessible subsequent to the disconnection for the purpose of reading or for reconnection of

the service, the adjustment shall be made as explained in 15.8.6.

15.8.6) If for the period(s) when the meter was inaccessible and the billed consumption on assessed basis is more than the actual consumption, the account will be adjusted subject to that, the balance consumption is for the billing period preceding the date of disconnection and minimum/fixed / m.d. charges for earlier period(s) of inaccessibility. The supply will be restored after payment of dues, security deposit plus necessary reconnection charges as per Conditions in Part II.

15.8.7) In cases where a consumer normally resides away from the station and requests in writing that supply to his premises should not be disconnected even-though the meter may not be made accessible for reading, his request will be complied with, provided he is agreeable to pay the minimum charges regularly during each billing period and to inform the local office immediately on his return to the station and to make the meter available for reading. In such cases, the consumption, if any, recorded by the meter will be taken as the consumption during the last billing period and not the total consumption spread over the preceding billing periods when the meter was inaccessible. These consumers will not be entitled to any adjustment of the units consumed towards the minimum charges paid by them during the period of inaccessibility of the meter. In the event of their failure to pay the minimum charges regularly during each billing period, the supply will be liable to be disconnected after due notice. Further, they should make the meter available for reading once in six months after giving prior intimation sufficiently in advance for failure of which also the supply may be liable to be disconnected.

15.9) In the case of a new service which is laid but not connected, due to any reason on the part of the consumer, the Licensee shall be entitled to recover from the consumer for whom the service has been laid, minimum /fixed charges as prescribed under the Licensee's 'Schedule of Tariff' from the expiry of a period of 3 months from the date of laying of the service in the case of low voltage consumers and one month in the case of high voltage consumers. The aforesaid period of three or one month as the case may be, shall be deemed to have commenced from the date of receipt of the notice sent to the consumer of the fact that the service line has been laid. Arrears of all such charges, if any, will have to be settled by such consumers before the Licensee commences the supply to such consumers. Without prejudice to the rights of the Licensee to recover minimum/fixed charges for new services not connected as aforesaid within the stipulated period, the Licensee shall be

entitled to remove such services if they remain unconnected for a period of six months from the date of their laying. However, before the removal of such services, the Licensee shall serve a prior notice on the consumer of at least seven days duration. The Licensee shall also be entitled to recover from the consumer the cost of removal of such a service as also the proportionate cost of the laying of the service line which the Licensee may have incurred originally.

- 15.10) In the event of disconnection of supply due to any reason the supply will be reconnected only after the payment of all dues, Security Deposit, and reconnection Charges as indicated in Part II of Conditions of Supply.
- 15.11) **Security Deposits:-** When required by the Licensee the consumer shall deposit security in cash/ demand draft/ cheque towards; the payment of electricity bills (including Levies and Taxes); towards the minimum two years' guaranteed revenue; towards the value of meters and other apparatus of the Licensee installed on consumer's premises; as stated in Part II of COS and Miscellaneous charges. The Licensee may require deposit against loss or damage to the meter and other apparatus installed on his premises. When additional Security Deposit against payment of electricity bills for permanent supply is required to be collected
- 15.11.1) The intending consumer shall pay Security Deposit against energy bills in cash/DD/cheque as per condition 11.1 and 11.5 of part II.
- 15.11.2) In case the existing consumer applies for additional load, the existing security deposit shall be reviewed and the consumer shall pay additional security deposit as per condition 11.3.4. of part II.
- 15.11.3) In case supply to a consumer is disconnected for any reason, the supply shall be restored after he has removed the cause of disconnection and paid dues and also the security deposit as per condition 11.3.4 of part II.
- 15.12) The consumer shall be notified to make payment of the amount of additional security deposit in context of review of existing security deposit, becoming insufficient, by cash/cheque/DD within the period prescribed by the licensee. If the consumer neglects to pay the notified amount within the prescribed period, the amount will be added to the energy bill and shall form the part of the bill and will be dealt accordingly.

16) CHARGES FOR THE SUPPLY OF ELECTRICAL ENERGY

16.1) The price and the methods of charging for supply of electrical energy shall be those as fixed by the Licensee from time to time. Unless otherwise specified, all high voltage and low voltage rates refer to one point of supply.

16.2) The rates set out in the schedule of rates will not include any tax, duty or other direct or indirect charges on the electrical energy that may be payable in accordance with any law in force. Such charges shall be payable by the consumer in addition to the tariff charges.

17) PAYMENT OF BILLS

17.1) L.T. consumers - Bills should be paid at the Licensee's office and at other authorized Collection Centers within the prescribed period.

17.2) H.T. consumers - Bills shall be paid at the Licensee's office within the prescribed period.

17.3) Any payment of the monthly electricity bills exceeding Rs. 10,000 or the Authorities may notify, in amount shall normally be paid by the consumer by Demand draft/ Pay order/ Cheque drawn on any bank in favour of the Licensee payable at Surat city.

17.3.1) The cheque once bounced shall not be presented again to the bank. Intimation of cheque bouncing will be sent to the consumer immediately. Bounced cheque will amount to as if no valid payment has been received by the Licensee from such a consumer. The consumer shall then be required to make payment in cash or by demand draft/pay order only at his cost irrespective of the amount of the bill. This is without prejudice to Licensee's right to criminal proceeding under The Negotiable Instruments Act, 1881, and also to proceed under section 24 of Indian Electricity Act 1910, as applicable.

17.3.2) If the instances of bouncing of cheques are repeated on any 2 occasions during the year ending 31st March, such consumers shall be required to make subsequent payments of the electricity bills there after including the outstanding bills, if any, in cash/by demand draft/pay order. The payment by cheque shall not be deemed as valid payment. However General Manager (Accounts) or any officer authorised on this behalf may waive this stipulation if the defaulting consumer presents acceptable convincing reasons for the default.

- 17.4) Bills, if not paid within 10 days from the date of billing required to be paid in cash or by demand draft. The payment shall attract Delayed Payment Charges as provided in the Tariff Rate Schedule applicable from time to time for various categories.
- 17.4.1) The levy of the delayed payment charges shall be without prejudice to the Licensee's right to take action under Section 24 of the Indian Electricity Act of 1910 for non-payment of bill, electricity duty and other charges.
- 17.4.2) Any complaint or dispute with regard to the accuracy of the bills shall be made in writing to the Licensee and the amounts of such bills shall be paid "under protest" within 10 days. The amounts of bills paid under protest will be regarded as advances to the credit of the consumer's account until the bills in dispute have been finally settled.
- 17.5) Any payment made by the consumer shall first be adjusted towards arrears, if any, outstanding against him. In the case of service connections which have been disconnected, all arrears upto the date of disconnection, including other charges like reconnection charges, shortfall in Security Deposit and any other dues shall be paid in one lump sum by cash/DD/pay-order before the supply is reconnected. If payment is made by cheque, the reconnection will be affected after realisation of cheque.
- 17.5.1) The notice for payment of arrears (under section 24 of the Act) may be incorporated along with the bill itself or may be served separately. In case the consumer who has been served with the notice as aforesaid requiring him to pay the outstanding dues shown in the notice offers to pay the arrears shown in the notice within the period specified therein in order to avoid the disconnection of power supply to his installation, the same shall be accepted in cash/ demand draft/ pay-order as part payment against his account and supply continued.
- 17.5.2) A consumer must present his bill at the time of payment without which payment will not be accepted. If the consumer is unable to do so or if he has lost the bill, duplicate bill for payment purpose only will be supplied to him on payment of Rs. 5/- (five only) per duplicate copy of L.T bill and Rs. 20/- (twenty only) per duplicate copy of H.T. bill.
- 17.5.3) Service of Notice : Any bills, letters and notices including those under section 24 of The Indian Electricity Act 1910 sent by the Licensee to a consumer shall be deemed to be duly served and given and shall be presumed to have been duly received by the consumer on the date on which he could be reasonably expected to receive, if served in writing addressed

to the consumer and delivered by messenger, or by registered post or any other method permitted by law, to the name and address specified in the consumer's application or as subsequently notified to the Licensee. The notice if sent by post shall be deemed to be recieved at the end of 48 hours reckoned from the moment it is entrusted to the postal authorities.

17.6) Licensee cannot guarantee that the supply of a consumer will not be disconnected for the non-payment of the consumer's energy bill inclusive of past arrears, if the consumer claims to have paid the said bill on the same day and fails to show the receipt to the representative of the Licensee who visits the installation for disconnection of supply. The date and amount of the receipt of payment of the relevant bill issued by or on behalf of the authorised representative of the Licensee only, shall be treated as conclusive proof of the date and amount of such payment.

17.7) Bills will normally be sent by hand delivery or by post, but the Licensee takes no responsibility for lost in transit. The consumer shall notify the office of the Licensee if no bill is received within 10 days from the date of reading. Otherwise it will be deemed that bills have reached the consumer in due time.

18) RESTRICTIONS ON THE USE OF ELECTRICITY

18.1) The consumer shall curtail, stagger, restrict, regulate or altogether cease to use electricity when so directed by the Licensee if the power position or any other emergency in the Licensee's or State Electricity Board's power system warrants such a course of action and the Licensee shall not be responsible for any loss or inconvenience caused to the consumer as a result of such curtailment, staggering, restriction or cessation of use of electricity.

18.2) Notwithstanding anything contained in any agreement/undertaking executed by the consumer with the Licensee or in the tariff applicable to him, the consumer shall restrict the use of electricity in terms of maximum demand and/or energy consumption in the manner and for the period as may be specified in any order that may be made by the Government of Gujarat.

19) PREJUDICIAL USE OF SUPPLY

19.1) The consumer shall not keep connected to the Licensee's supply system any apparatus which the Licensee may deem to be likely to interfere with or affect injuriously the Licensee's supply system.

- 19.2) The consumer shall not, except to the extent herein prescribed, keep unbalanced, the loading on the three phases of the supply taken by him from the Licensee. The maximum permissible difference in current between any two phases will be limited to 5 percent. If difference in current is found to be exceeding 5 % the consumer will be given one month notice to balance the installation within the limits failing which the supply will become liable for disconnection.
- 19.3) If at any time, energy supplied under one method of charging is used partly or totally for a purpose for which a higher method of charging is in force, the whole of energy registered as consumed during the period commencing from the date on which the installation was inspected till the time it was detected, will be charged at the highest rate in the category. The assessment period would not shall not exceed 6 months. The imposition of this liability will not relieve the consumer from any other penalty imposed by law.
- 19.4) The energy supplied can be utilised only within the area of the premises and not intervened by any area belonging to any other person or authority and solely for the purpose for which it is/was originally requisitioned or subsequently notified to the Licensee.
- 19.5) The consumer shall not make use of the supply given to him by the Licensee as to act prejudicially to the Licensee in any manner whatsoever.

20) TRANSFER OF SERVICE CONNECTION

- 20.1) Application should be sent for name transfer in case the registered consumer is dead or if the ownership or occupation or assignment of the property has changed or transferred. In all cases of such transfers, the arrears of every description should be paid in full together with Security Deposit and transfer fee as laid out in the COS Part II, conditions 10. and 11.3.
- 20.2) The transfer of service connection due to death of the holder of the service connection to the heir applying for transfer will be effected if the applicant produces the following documents to the Licensee ;
- 20.2.1) Death Certificate and Legal heir Certificate.
- 20.2.2) NO Objection Certificate from other legal heirs, if any.

20.2.3) Application in the prescribed form.

20.2.4) Such other documents as may be adequate to establish the right.

20.2.5) Such other documents as may have to be called for.

20.3) The transfer due to sale, partition, settlement, gift, lease, assignment, or devolvement under any other method of the premises will be effected if the applicant produces the following.

20.3.1) Document to support the transfer.

20.3.2) Consent letter of the previous owner for the transfer of service, security deposit. In case consent letter cannot be produced for transfer of existing security deposit, fresh security deposit (as per conditions 5.3 of part I and 11.3 of Part II) shall be paid by the applicant. In case previous service holder refuses or the applicant is unable to obtain the consent letter in such case he (applicant) should produce proof of his being in lawfull occupation of the premises and shall execute also an Indemnity Bond indemnifying the Licensee from any litigation.

20.3.3) If a person does not get service connection in the property transferred to his name, and continues to use the service connection in previous name, the transferee shall be responsible for payment of running energy bills as well as unpaid dues of energy bills and other amounts relating to the service connection. The dues to the Licensee shall be payable on demand, in default of which the supply to the premises will be disconnected.

20.3.4) In all cases of such transfer of service connection the entire consumption arrears, Security deposit and transfer fee should be paid in full.

20.3.5) Transfer of the service connection from the owner of the premises to the tenant of the premises or vice versa and from a tenant to a successor will be considered subject to provisions of conditions 5.2 and 5.3 of this part.

21) MALPRACTICES

21.1) Malpractices shall mean contravention/violation by the consumer of any of the provisions of The I.E. Act 1910, Electricity (Supply) Act, 1948 and I.E. Rules 1956 and the Licensee's Conditions of Supply and Miscellaneous Charges for supply of

Electrical Energy and any provision of any of the terms and conditions of the contract governing the supply of electricity by the Licensee to the consumer and shall in particular include the following case :

- 21.1.1) The supply of electricity by a consumer to any other person without the approval of licensee.
- 21.1.2) Exceeding the contracted load or Contracted Demand by a consumer without the specific permission of the Licensee.
- 21.1.3) Addition, alteration and/or extension to the consumer's electrical installation without the permission of the Licensee.
- 21.1.4) Using supply by a consumer from the service which has been disconnected by the Licensee for any reason.
- 21.1.5) Capacitors once installed, on inspection found to have been removed from the installation or not in working order.
- 21.1.6) Unauthorised restoration of supply to one's disconnected service connection.

22) VIOLATION AND COMPENSATION CHARGES FOR MALPRACTICES

- 22.1) The action that shall be taken by the Licensee and the compensation charges that shall be paid by the consumer in respect of violation in Service connections are as follows :

S.No.	VIOLATION	ACTION & COMPENSATION
22.1.1)	Supply of energy to any other person without the approval of licensee (21.1.1)	Removal of violation within 24 hrs. of receipt of notice failing which supply will be disconnected. Compensation as per condition 23.1.
22.1.2)	Unauthorised supply of energy to disconnected service connection	a) Supply will be disconnected forthwith.
		AND
22.1.3)	Exceeding the contracted load / MD without the permission of the Licensee.	b) Payment of compensation as per formula given in condition 23.1 below.

- ### 23) ASSESSMENT OF COMPENSATION CHARGES

Highest slab rate in this category x 1.50

23.1.2.c) For L.T.P. (Governed by HP)
Highest slab rate in the category x 2.0

In case of L.T.P. consumer governed by Horse Power based tariff the unauthorised connected load in excess of contracted load shall also be charged at two times the highest tariff rate (fixed Charges) applicable. The contracted load only declared by the consumer would be charged at the normal tariff rate applicable.

The consumer in case of malpractice 22.1.5 (unauthorised reconnection) shall continue to pay compensation charges on units as per condition 23.1.2. as computed at the above rates till the time he pays the dues including reconnection charges and additional security deposit.

23.2) Consumers governed by Demand Tariff.

For Compensation Charges to be levied on consumers governed by Maximum Demand based Tariff. The consumption in units shall be calculated as per the following formula :

$$23.2.1) \text{ Units} = a \times b/c \quad (\text{for } 22.1.1 - 22.1.4)$$

$$23.2.2) \text{ Units} = a \quad (\text{for } 22.1.5)$$

Where : a = total consumption recorded during the period commencing with the date on which the last meter reading for the billing or disconnection purpose was taken, or such earlier date subject to a maximum of 6 months from which revision is called for, and ending on the date on which violation was detected.

b = Demand in excess of Contract Demand.

c = Contract Demand in kVA

The UNITS so arrived at will be charged at 2.0 times the highest slab rate. The excess demand "b" will be charged at 1.5 times the highest slab rate of Maximum demand.

The consumer in case of malpractice 22.1.5 (unauthorised reconnection) shall pay compensation charges on units as indicated in condition 23.2.2. at 2.0 times the highest slab rate, and on total Billing demand at the rate of 1.5 times the normal rates till the time he pays the dues including reconnection charges and additional security deposit.

The amount billed as above shall not be taken in to consideration for the purpose of computing consumer's liability to pay minimum charges.

23.3) Payment of compensation charges as stated above shall not entitle the consumer to continue to use unauthorized load in future as a matter of right.

23.4) The above amounts will attract necessary duties and taxes and other levies applicable.

24) THEFT OF ENERGY

24.1) Malicious wastage or diversion of energy - interference with meters or Licensee's works

Under the Indian Electricity Act, 1910, the following acts and offenses are punishable with imprisonment or fine or both as prescribed under different sections as follows :-

Section	Description of Offense	Punishment
39	Theft of energy	Imprisonment upto 3 years and/or fine of not less than Rupees One thousand
40	Malicious wastage or diversion of energy	Imprisonment upto 2 years and/or fine upto Rupees One Thousand.
44	Interference with meters or Licensee's works etc including prevention of any meter from the correct registration of the consumption	Imprisonment upto 3 years and/or fine upto Rupees five thousand
39A	Abetment of above offenses punishable under section 39 and section 44 of the Act	the Same punishment for abetment as for the offenses

Any consumer/person who dishonestly abstracts/ consumes or uses energy or interferes with the meters, Licensee's works etc. including prevention of any meter from the correct registration of energy

with an intention of deriving wrongful gain for himself and causing wrongful loss to the Licensee shall be deemed to have committed theft of energy within the meaning of the Indian Electricity Act, 1910, as amended in Section 39 & 44 and liable for punishment as stated therein. The existence of any artificial means for such dishonest abstraction shall be *prime facie* evidence of such dishonest abstraction. In case where it is established to the satisfaction of the Licensee's officer that any consumer/person has committed or has been committing pilferage of energy, without prejudice to the Licensee's rights to initiate legal proceedings against any consumer or person(s) found to be committing any of the offenses mentioned above the consumer/person shall be liable to pay the amount towards the value of the electrical energy assessed to have been pilfered for the past 6 months period or actual period from the date of commencement of supply, whichever is less, as computed in the manner specified herein below. The power supply of such consumer shall be summarily disconnected and shall be kept disconnected for a period of 30 days from the date of disconnection of power supply on the ground of pilferage of energy, subject to review by a Competent Authority as explained in condition 24.8 or until the amount so computed against the assessed energy is paid whichever is later.

24.2) Extra levy for theft of energy for the Assessment Period shall be assessed at the rate specified hereinbelow:

24.2.1) For Energy

24.2.1.a) Low / Medium Voltage Service Connection :
Highest slab Rate in the category x 2

24.2.1.b) High Voltage & Extra High Voltage Service Connection :
Highest slab Rate in the category x 2

24.2.2) For Maximum Demand (LT and HT):
Highest Tariff Rate for Maximum Demand x 2

24.3) In addition, the above rates will attract necessary duties and taxes and other levies as applicable.

24.4) Assessment: Extra levy will be assessed as follows :

24.4.1) Low/ Medium Voltage Service Connections :-

The quantity of units consumed per month shall be worked out by means of the following formula adopting the figures in Table 'A' given below :

Formula :

Units consumed = Connected load found at the time of inspection x Load factor/ (Diversity factor) x Number of hours in the month*.

The diversity factor and the load factor for the various classes of consumers shall unless there is evidence for adopting different value, be taken as under for the assessment of energy consumed :

Table A

Class of Consumers	Diversity Factor	Load Factor %
1 Residential		
Lights & Fans,	2.0	40
Heating	1.5	10
Cooling	1.5	50
2 Commercial		
Lights & Fans,	1.0	30
Heating	1.0	20
Cooling	1.0	40
3 'C' CINEMA	0.8	60
4 LTP- (Governed by Connected load)	1.0	70
5 Ag(Agricultural)	1.0	50
6 TS Temporary Supply	1.0	70

In case of LFDS commercial category using power supply for industrial activities load factor shall be 80 %

In case of power consumers under LTP (Governed by connected load) tariff working 24 hours the load factor will be taken as 100 %.

24.4.2) In case of consumers governed by Maximum Demand :

24.4.3) For the purpose of assessment of maximum demand of the month of high tension and low tension consumers (Governed by

MD tariff) the maximum demand will be considered equivalent to 75 % of the load connected at the time of inspection subject to minimum of Contract Demand of the consumer and energy consumption shall be assessed as under.

Note:- The maximum demand in kVA shall be computed from maximum demand in kW by dividing the latter by average power factor for the past 6 months or actual period from the date of commencement of supply, whichever is less.

24.4.3.1) Energy : Quantity of electricity consumed will be worked out as under ;

Maximum Demand in kW x No. of working hours
in a day x No of days in a month.

24.5) The value of energy so assessed shall be charged, by including the same in the subsequent bill or by a separate bill. Such amount shall always be deemed to be the arrears of electricity due for all purposes.

24.6) . Assessment of maximum demand (applicable for MD governed consumers) and energy consumption so arrived at as per condition 24.4 above, will be charged excluding the energy consumption and maximum demand recorded by the meter, (the latter being charged at the appropriate tariff) as per the rates specified in condition 24.2.

24.7) Assessment Period :

24.7.1) For services which are found connected, but not connected as per the records of the Licensee at the time of the detection of the offence :-

The assessment period shall be the period commencing with the date on which the service was laid but not connected, and ending on the date on which the offense was detected by the Licensee.

24.7.2) Else 6 months.

24.8) The value of energy deemed to have been dishonestly abstracted, consumed or used by the consumer, or caused to be maliciously wasted or diverted, or prevented or caused to be prevented from being duly registered by the meter, indicator or apparatus installed by the Licensee at the consumer's premises, (which acts are hereinabove referred to as the "Offense") shall be assessed by the designated Assessing Authority of the Licensee as follows:-

24.8.1) In the cases of all low and medium voltage consumers committing the offense, the designated Assessing Authority shall not be ordinarily below the rank of an Assistant Engineer and in the cases of high voltage and extra high voltage consumers, the designated Assessing Authority shall not be ordinarily below the rank of a Senior Engineer.

24.8.2) Appeal against assessment:-

In case the consumer feels aggrieved by the decision of the designated Assessing Authority regarding the assessment of the value of energy deemed to have been used by way of offense, he may approach in appeal the designated Appellate Authority of the Licensee ordinarily not below the rank of a Senior Engineer and Dy. Manager in the cases of low and medium voltage consumers, and Manager & Senior Manager in the case of High Voltage/ Extra High Voltage consumers. The said Appellate Authority may revise the value of the assessment, at his sole discretion, if the consumer is able to satisfy him that such revision is justified looking to the facts and circumstances of the case, provided that the consumer lodges his appeal with the Appellate Authority within 30 days from the date on which the Assessing Authority had determined the value of assessment.

24.8.3) No appeal, however, shall lie with the Appellate Authority unless the consumer has paid the amount equivalent to at least 60% of the value of energy assessed by the Assessing Authority in cases where he desires to have his supply reconnected soon after the detection of the offense. If such reconnection is not desired, the condition precedent for the lodging of appeal with the Appellate Authority shall be the payment of at least 20% of the value of the assessment originally done by the Assessing Authority and conveyed to the consumer.

24.8.4) The Appellate Authority shall give his final decision on the appeal lodged by the consumer with him within 30 days of the lodgement of such an appeal. Thereafter, the balance amount, if any, recoverable from the consumer or refundable to him as the case may be as per the decision of the Appellate Authority, shall be accordingly dealt with within reasonable time from the date of the decision of the Appellate Authority.

Note: Neither failure to launch a prosecution nor the acquittal of the consumer/ person in any prosecution on any ground other than the prosecution case is false shall bar the proceedings under this clause.

24.8.5) Incidental Charges:

In addition to the assessed charges leviable for the offence as mentioned above, the consumer or person shall also pay 10% of these charges as incidental charges, subject to a minimum of Rs.100/- and maximum of Rs.2,000/-. These incidental charges will also be in addition to all other charges, which may be recoverable from the consumer or person under Part II of the "Condition of Supply", as also taxes and other levies payable by the consumer to the Government, as may be in force from time to time.

25) MULTIPLE VIOLATION

Contravention of any provision of Indian Electricity Act 1910, Electricity (Supply) Act 1948, Indian Electricity Rules 1956, the Conditions of Supply, and any other law governing the supply or use of electricity or rules framed thereunder shall be treated as violation and the consumers indulging in any violation shall be liable for action as has been prescribed by the Licensee in this behalf.

If any consumer commits more than one violation in the same service connection, each violation will be dealt separately and compensation charges will be levied separately for each violation.

- 25.1) Second or Subsequent theft / violation :- If any consumer commits violation again with theft(s) or Malpractice(s) committed earlier within a period of 12 months, the commission of second violation will render his supply liable for disconnection for 30 days.

26) INTERPRETATION

- 26.1) These conditions shall be read and construed as being subject in all respect to the provisions of the Indian Electricity Act 1910, Electricity (Supply) Act, 1948, Indian Electricity Rules 1956 and Restrictions and Control Orders in force as amended from time to time and to the provisions of any other law relating to the supply of electricity for the time being in force and nothing herein above contained in these conditions shall abridge or prejudice the rights or remedies of the Licensee and the consumer under any Central Act or State Act or Rules made thereunder.

PART II

MISCELLANEOUS CHARGES

1) REGISTRATION CHARGES and GENERAL PROVISIONS

- 1.1) For Single phase supply (L.T.) Rs. 20.00
- 1.2) For Three phase Supply (L.T.) Rs. 100.00
- 1.3) For High and Extra High Voltage Supply. Rs. 200.00
- 1.4) For change of name, extension of service lines, reinforcement, additional load, shifting of the connection to new position within the same premises necessitated due to remodeling. i.e. For a working service (Non - refundable). Rs. 20.00
- 1.5) No shifting of an existing service connection is permissible unless all arrears for the service connection are paid.

2) SERVICE LINE CHARGES

- 2.1) The Licensee shall lay free of charge a service line upto a length of 30 Metres from his nearest distributing point/ mains on public roads, outside the limits of the property in respect of which the requisition is made, provided the premises for which the supply is requisitioned are or were not receiving supply. Any length in excess of 30 Metres as defined above and the full cost of the service line plus 15 % supervision charges thereon within the limits of the property in respect of which the requisition is made.

3) RE-ESTIMATE AND CONNECTION CHARGES

- 3.1) Any revision in the Service line estimate done at the instance of the Consumer shall attract extra charges as under Existing :

For each service line	Rs 20.00
H.T. Service	Rs. 200.00
	(existing Rs 20/-)

- 3.2) Connection charges for every new installation to the supply mains including fixing of meters. Rs. 20.00

4) TEMPORARY SERVICE

- 4.1) The actual cost incurred for the service line comprising of material and labour, plus 15 percent supervision charges thereon, shall be recovered from the applicant. When the service is removed, the labour cost of dismantling the service and for transporting the materials back to the stores shall be charged to the applicant who will be allowed a credit for all materials received back in serviceable condition at the actual cost, less depreciation at the rate of 25% for the first month or part thereof, and 6-1/4 % for each subsequent month or part thereof.

The deposit will be taken prior to the commencement of supply to cover the above charges and adjustments, if any, effected after the service has been approved.

- 4.2) Supply will be given for a period of one month only. However, the period can be extended, not exceeding one month on each occasion, subject to availability of power.

5) METER CHARGES ETC.

5.1) Meter Charges :

5.2) For permanent Supply

5.2.1) Single phase meter Rs. 5.0 per meter
per month.

5.2.1.1) Poly Phase meter Rs. 20.0 per meter
per month.

5.2.1.2) Demand meters for
L.T. Consumers. Rs. 150.0 per meter
per month.

5.2.1.3) Time switches
without kWh meter: Rs. 150.0 per month.

5.2.1.4) H.T. metering
equipment Rs. 750.0 per month.

5.2.2) For Temporary Supply:

5.2.2.1) Single phase meter Rs. 10.0 per month
or part thereof

5.2.2.2) Poly Phase meter Rs. 40.0 per month
or part thereof.

5.2.2.3) H.T. metering
equipment Rs. 1500.0 per month.
or part thereof.

5.3) Changing or Shifting Meter : Actual cost plus 15% .
boards and other works not
covered in otherwise

- 5.4) Testing of meter if it is proved to be correct, within the prescribed limit.

Single Phase	Rs. 20.0
Poly Phase	Rs. 50.0
L.T. Demand Meter	Rs. 100.0
H.T. Trivector	Rs. 200.0

6) INSTALLATION TESTING CHARGES

- 6.1) The first test and inspection will be carried out free of charge, but should any further test or inspection be necessitated due to faults in the installations or due to non-compliance with the terms and Conditions of Supply of electricity, the charges payable in advance per extra test and/or inspection shall be Rs 20.00.

7) RESEALING OF METERS

disturbed unauthorisedly.

7.1) Residential service.	Rs. 50.00 per service
7.2) Other than residential :	Rs 200.00 per service

8) RECONNECTION CHARGES

- 8.1) Reconnection charges for a low or medium voltage installation other than LTMD services which is disconnected at service cutouts :

8.1.1) At consumer's request	Rs. 20.00
8.1.2) On account of non-payment of dues or infringement of the Conditions of Supply or faults in the installation or due to violation of load control orders.	Rs. 30.00

- 8.2) Reconnection charges for an LTMD services which is disconnected at service cutouts :

8.2.1) At consumer's request	Rs. 50.00
8.2.2) On account of non-payment of dues or infringement of the Conditions of Supply or faults in the installation or due to violation of load control orders.	Rs. 100.00

- 8.3) Reconnection charges for a high voltage or an extra high voltage installation disconnected at high tension switch

8.3.1) At consumer's request Rs. 100.00

8.3.2) On account of non-payment of dues or infringement of the Conditions of Supply or faults in the installation or due to violation of load control orders. Rs. 200.00

Note: If the staff of the Licensee is unable to obtain access to the meter/service cut-outs for disconnecting, and the disconnection has to be made from the Mains, either underground or overhead, the consumer shall have to pay all costs incidental to such disconnection and reconnection.

8.4) SERVICE CALL CHARGES

8.4.1) Charges for attendance at consumer's premises where the failure of supply is due to a fault in the consumer's installation

Rs 20.00 for Low Tension Consumers for replacing rewireable fuses. In case supply is controlled by LT HRC fuses the cost of HRC fuse will be charged extra.

Rs 100/- for High Tension Consumers. In case supply is controlled by HT HRC fuses the cost of HRC fuse, if found blown due to fault in consumer's installation will be charged extra.

ANNEXURE 'B'

An Agreement made this----- day of -----
-----One thousand nine hundred
and -----between The Surat Electricity Company Limited, a
company registered under the Indian Companies Act, 1913 and having its
Registered office at Surat (hereinafter referred to as "The Company"
which expression shall unless excluded by or repugnant to the context be
deemed to include its successors and permitted assigns) of the one part
and-----
(hereinafter referred to as "the Consumer" which expression shall unless
excluded by or repugnant to the context include his heirs, executors,
administrators and assigns) of the other part. Whereas the Company has
agreed to supply and the Consumer has agreed to take energy at the
premises mentioned in the Schedule hereto (hereinafter referred to as
"the said premises") subject to the terms and conditions hereinafter
contained.

NOW it is hereby agreed by and between the parties hereto as follows :-

1. **Date of commencement** - The Company shall from the the-----day
of-----19-----, and during the continuance of this agreement, supply
the Consumer with the energy required by him for the purpose and up to
the maximum quantity specified in the schedule hereto.
2. **Service Charges** - The Consumer shall pay to the Company on demand the
cost of so much of any electric supply line as it may be necessary to
lay for the said purposes in excess of 30 metres from the Company's
distributing main, although not on the said premises.
3. **Annual revenue guarantee** - The Consumer shall pay to the Company for
the energy so supplied and registered as aforesaid at the rates
from time to time in force and paid by similar consumers: Provided
nevertheless that if at the end of twelve calendar months calculated on
the first day of the month following that in which the supply was first
commenced and at the end of each subsequent period of twelve calendar
months during which this Agreement is in force, the value of energy
supplied shall fall short of Rs. -----being the guaranteed minimum
revenue as is specified in the schedule hereto, the Consumer shall pay
to the Company the difference between the guaranteed minimum revenue and
the value of energy supplied as per the Licensee's Tariff in force from
time to time.
4. The consumer shall on receipt of a requisition from the Company in
this behalf deposit with them the sum of Rs-----as security for the
purpose hereinafter mentioned, and shall on a like requisition from time
to time renew or replenish such security in the event of the same
becoming exhausted or insufficient. The Company shall be at liberty, at
anytime and from time to time, to appropriate and apply any security so
deposited, as aforesaid in or towards the payment due or owing by the
consumer to the Company in respect of the supply of energy or otherwise

under this agreement, but the provisions in this clause contained shall not prejudice any other remedy to which the Company may be entitled for the recovery of any such money's interest on such deposit shall be paid to the consumer in accordance with the terms laid down in the Company's Conditions for the Supply of Energy.

5. **Period of agreement**- This agreement shall be in force for a period of not less than two years in the first instance from the date of commencement of the supply specified in Clause 1 and thereafter shall continue from year to year until the agreement is determined as hereinafter provided.

6. **Transfer or assignment** - The consumer shall not be at liberty save with the consent of the Company to determine this Agreement before the expiration of two years from the date of commencement of the supply of energy hereunder. The Consumer may determine this Agreement at any time after the said period on giving to the Company not less than one calendar month's previous notice in writing in that behalf and upon the expiration of the period of such notice. This Agreement shall cease and determine without prejudice to any right which may then have accrued to the Company hereunder; Provided always that the consumer may at any time with the previous consent of the Company transfer this Agreement to any other person and upon subscription of such transfer this Agreement shall be binding on the transferee and the Company and take effect in all respects as if the transferee had originally been a party hereto in place of the Consumer who shall henceforth be discharged from all liability under or in respect hereof.

7. **Agreement subject to other Laws** - This Agreement shall be read and constructed as subject in all respects to the provisions of The Surat City Municipality and District Local Board Electric License, 1918, the Company's conditions of supply and to the provisions of the Indian Electricity Act, 1910, and the Rules for the time being in force thereunder and the Bombay Electricity (Special Powers) Act, 1946 and the Electricity (supply) Act, 1948 insofar as the same may respectively be applicable.

THE SCHEDULE REFERRED TO ABOVE

1. Description of the premises.
2. Purposes for which supply is to be given.
3. Maximum quantity of energy required by the Consumer.
4. Value of minimum guaranteed revenue for each period of twelve calendar months, commencing from the-----day of-----of-----19-----.

ભારતનું સંવિધાન

ક્રમાંક : જાએચએમ/૯૭/૯૨/એમ/આરસીટી/૧૨૯૩/૩૭૨૧/ડી.—ભારતના સંવિધાનની કલમ-૩૦૯ના પરંતુકથી મળેલી સત્તાની રૂએ, અને આ અર્થે કરેલા તમામ વિદ્યમાન નિયમો રદ કરીને, ગુજરાતના રાજ્યપાલ ગુજરાત મુલ્કી સેવા વર્ગ-૨માં મામલતદારની જગ્યા પરની ભરતીનું નિયમન કરવા માટે જાગવાઈ કરવા નીચેના નિયમો કરે છે :-

૧. આ નિયમો, મામલતદાર ભરતી નિયમો, ૧૯૯૭ કહેવાશે.

૨. ગુજરાત મુલ્કી સેવા વર્ગ-૨ માં મામલતદારની જગ્યા પરની નિમણૂક—

(ક) જેણે નાયબ મામલતદાર તરીકે ઓછામાં ઓછા સાત વર્ષ સુધી કામ કર્યું હોય અને સરકારે ઠરાવેલી ખાતાકીય પરીક્ષા પાસ કરી હોય તેવી વ્યક્તિઓમાંથી પ્રવરતા-સહ-ગુણવત્તાના આધારે વ્યક્તિને બઢતી આપીને કરવામાં આવશે.

પરંતુ નિમણૂક કરનાર સત્તાધિકારીને એવી ખાતરી થાય કે ઉપર નિર્દિષ્ટ કરેલ અનુભવ ધરાવતી વ્યક્તિ બઢતી માટે ઉપલબ્ધ નથી અને ઓછો મુદતનો અનુભવ ધરાવતી વ્યક્તિને બઢતી આપીને જગ્યા ભરવાનું જાહેર હિતમાં જરૂરી છે, તો તે લેખિતમાં કારણોની નોંધ કરીને, ઉપર નિર્દિષ્ટ કરેલ મુદતના બે-તૃતીયાંશ કરતાં ઓછા ન હોય તેટલો અનુભવ ધરાવતી વ્યક્તિને બઢતી આપી શકશે, અથવા

(ખ) ગુજરાત જાહેર સેવા આયોગે લીધેલી સ્પર્ધાત્મક પરીક્ષાના પરિણામના આધારે સીધી પસંદગીથી કરવામાં આવશે.

૩. સીધી પસંદગી અને બઢતીથી કરેલી નિમણૂકનું પ્રમાણ ૧ : ૩નું રહેશે.

IV-A-Ex.-159-1

૪. નિયમ-૨ માં જણાવેલી જગ્યા પર સીધી પસંદગીથી નિમણૂકને પાત્ર થવા માટે ઉમેદવાર—

(ક) ૨૧ વર્ષથી ઓછી અને ૨૮ વર્ષથી વધુ ન હોય તેટલી ઉંમરનો હોવો જોઈશે,

(ખ) ભારતમાં કેન્દ્ર અથવા રાજ્ય વિધાન મંડળના સંસ્થાપિત યુનિવર્સિટીઓ પૈકી કોઈ યુનિવર્સિટીની અથવા સંસદના અધિ-નિયમથી સ્થાપેલી અથવા યુનિવર્સિટીની ગ્રાન્ટ્સ કમિશન અધિનિયમ-૧૯૫૬ની કલમ-૩ હેઠળ યુનિવર્સિટી તરીકે જાહેર કરેલી બીજી શૈક્ષણિક સંસ્થાની પદવી અથવા સરકારે માન્ય કરેલ તત્સમાન લાયકાત ધરાવતો હોવો જોઈશે.

૫. સીધી પસંદગીથી નિમાયેલ ઉમેદવારે, બે વર્ષની મુદત સુધી પ્રોબેશન ઉપર રહેવું પડશે.

૬. સીધી પસંદગીથી નિમાયેલ ઉમેદવારે, સરકારે વખતોવખત આ અર્થે કરેલા નિયમોનુસાર ગુજરાત મહેસુલ નિમ્ન શ્રેણીની પરીક્ષા અને ગુજરાત મહેસુલ ઉચ્ચ શ્રેણીની પરીક્ષા અને ગુજરાતી અથવા હિન્દી અથવા તે બંને પરીક્ષા પાસ કરવી પડશે.

૭. સીધી પસંદગીથી નિમાયેલ ઉમેદવારે, સરકાર વખતોવખત ઠરાવે તેવી તાલીમ લેવી પડશે.

૮. સીધી પસંદગીથી નિમાયેલ ઉમેદવારે, સરકાર વખતોવખત ઠરાવે તેવા નમુનામાં, તેટલી રકમનું અને તેટલી મુદત માટેનું બાંહેધરી અને જમીનગીરીખત આપવું પડશે.
